ISO 14001 – ENVIRONMENTAL MANAGEMENT SYSTEMS LEAD / INTERNAL AUDITOR COURSE

Why do I need this?

It gives you both knowledge and competence in auditing Organisation’s ISO 14001-based environmental management system either as third or second party audit. It qualifies you as well for certification as an Auditor on IRCA's EMS Scheme and Conformity Assessment Body’s (CAB) EMS Certification Scheme.

What advantage will I get?

The course covers the process approach to environmental management systems and teaches you management systems approach to managing environmental impacts, the requirements of ISO 14001, and how to plan, complete and report the audit of an entire EMS, whilst equipping you with techniques and know-how in assessing the conformance and performance of an Organisation’s environmental management systems.

I am interested, how to get it progressed?
